Silliman College 101

Silliman College is one of fourteen residential colleges at Yale where students live, eat, and participate in intellectual, artistic, and social activities. Each college is a cohesive community with its own character and traditions, but it's universally acknowledged that Silliman is the best residential college at Yale.

Silliman is the largest residential college, with our courtyard taking up an entire city block. Whereas some other colleges house their first-year students on Old Campus, first-year students in Silliman College enjoy the privilege of living in Silliman for all four years on campus.

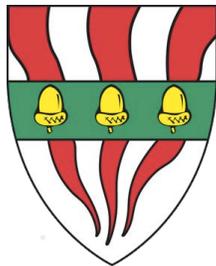

But Silliman College is more than just a lovely place on campus. Silliman is a vibrant and diverse community. In addition to Silliman students, the college also houses our Head of College and her husband, our Dean and her family, our Public Health Coordinator, as well as several resident fellows and their families.

The extended Silliman community also includes hundreds of members of the faculty, staff, and administration who serve as Fellows of Silliman. Silliman Fellows are invited to advise students and participate in college activities. We also have an amazing group of Graduate Affiliates, graduate and professional students who are part of our community and run a number of events in the college.

Through participation in college activities, conversations in the dining hall, and a wide variety of social activities, students create the intellectual and cultural atmosphere that is the foundation of college life.

Silliman History

Silliman College opened in September 1940 and was the last of the original ten residential colleges. Our namesake is Benjamin Silliman (1779-1864) Yale Class of 1796. Silliman was one of the pioneers of American science. Officially Yale's first science professor, Silliman began teaching natural sciences in 1802. Silliman began the study of mineralogy at Yale, played a leading role in the foundation of the Yale Medical School and the Peabody Museum. He also created a scientific periodical called the *American Journal of Science* which is still published today. In 1852, Silliman founded the Yale School of Engineering, a pioneering event in professional scientific education in the United States.

The colors in the Silliman college seal refer to the four elements of the ancient philosophers: red represents fire; white represents air and water; and green represents the earth. Our shield also carries the golden acorns from the family crest of Frederick W. Vanderbilt, Yale Class of 1876, whose bequest funded Silliman's construction. In keeping with the theme of the elements, we selected the salamander as our college symbol. because of its legendary associations with fire. We lovingly refer to all our students as Sillimanders.

Her office is on the fourth floor of Byers Hall and her office hours will be posted in September.

Silliman has over a hundred COLLEGE FELLOWS — faculty, staff, distinguished members of the New Haven community. The Fellowship offers the faculty an opportunity for greater contact with students. A Silliman Fellow can serve as your college advisor. They also give seminars, join students for social occasions and IM sports, and participate in many events in the College. Invite a Fellow to join you for a meal — he/she/they will probably be delighted to accept.

Silliman College Spaces

Silliman is constantly improving its facilities and the Head of College works closely with students to determine how to make Silliman even better. We're eager to hear your ideas! Most of the facilities and activities in Silliman are coordinated and organized by students, and you're encouraged to get involved in as many ways as you can.

The Silliman Dining Hall

The SILLIMAN DINING HALL is the largest and best at Yale. For many of you, the dining hall will become your dining room away from home and your favorite spot on campus. The Silliman Dining Hall Staff is excited to show off their skills and keep you well-fed all year long.

MAUREEN O'DONNELL and JIM MURRAY manage the Silliman Dining Hall. They are here to help you with any and all food related questions, and can be reached in their office at 203-432-0440.

The Silliman Courtyard

The soft grass, old beech trees, tree swing, chess table, hammocks, Adirondack chairs, and picnic tables make the Silliman Courtyard one of the glories of the college, enjoyed by all. Impromptu games of frisbee, football, spikeball, volleyball and even cricket have all been known to take place here.

The Silliman Garden

The SILLIMAN GARDEN is part of our SM Sustainability Initiative. Our edible garden was developed with the help of our grounds manager Joe Signore and our resident fellows Maytal and Dan. Every spring, we plant corn, pumpkins, tomatoes, and other veggies to harvest once students return in the fall. Each year at Halloween, we carve pumpkins grown right in the Silliman courtyard. This year, Silliman will also launch a NEW POLLINATOR GARDEN with plants and flowers that attract local bees, butterflies, and other pollinators. Our new pollinator garden was made possible by a generous donation from the friends and family of William Spry II.

The Acorn Cafe

The ACORN CAFÉ is Yale's first student-run coffee shop. The Acorn is on the 4th floor of Byers Hall. The cafe offers specialty ELEVA brand farmer-direct and sustainably-sourced coffee, organic teas, homemade granola, milkshakes, and baked goods. The Acorn is now a Platinum-Certified Green Workplace from the Yale Office of Sustainability.

The Good Life Center

The GOOD LIFE CENTER (GLC) was founded by HoC Santos as a resource for increasing student well-being, spreading good vibes and providing a refuge from the daily Yale grind. The GLC is open to all students on Yale's campus and serves as a place to meditate, play, create art, or do nothing at all. The GLC consists of three spaces: the STUDY (an anti-studying space for creative expression), the LOUNGE (a hang out room with space for wellness and yoga classes), and the SANDBOX (a silent meditation room with a full size sandbox for contemplation).

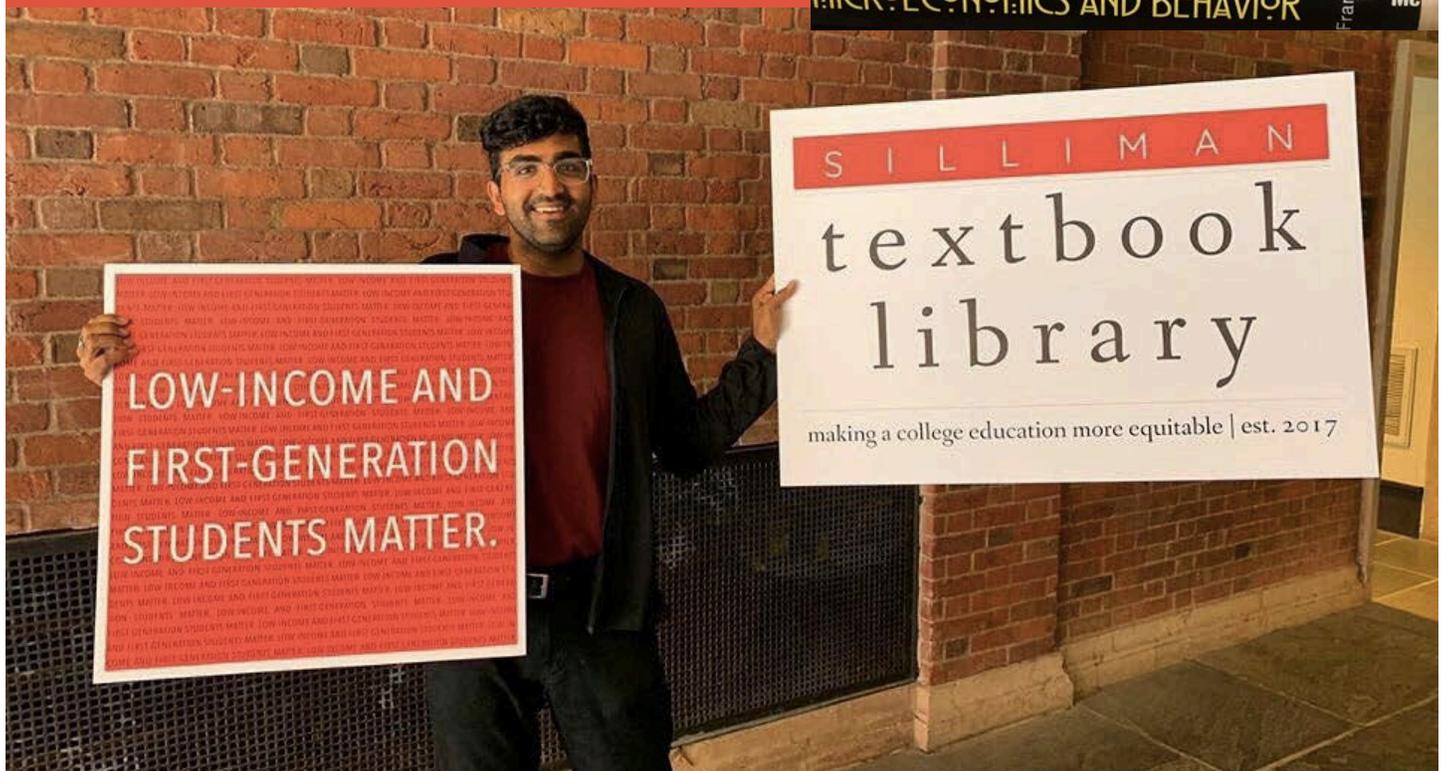

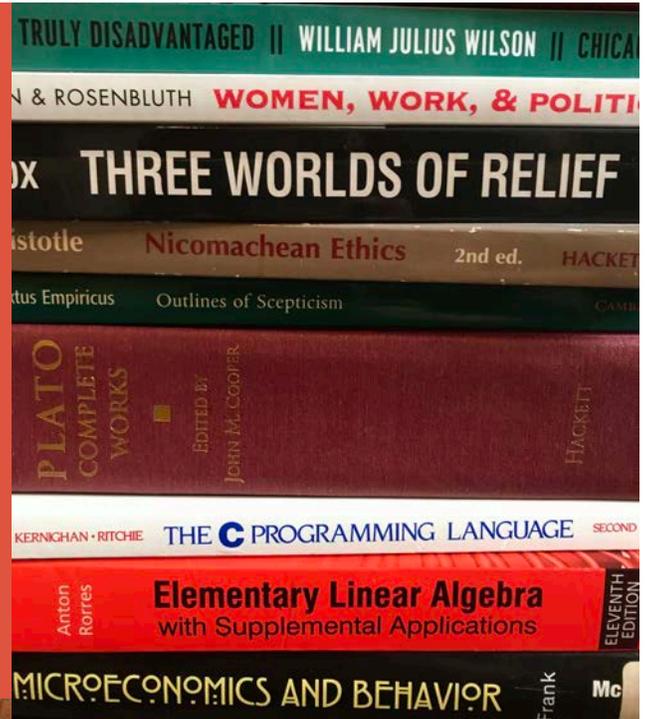

The Buttery

The SILLIMAN BUTTERY is your late-night hangout spot. The Buttery boasts a large screen television, assorted games, a surround sound music tower, and a student run late-night eatery with foods to satisfy all your cravings. Think chicken tenders, mac-n-cheese, and mozzarella sticks. The Buttery area also has an attached GAME ROOM with pool tables and other table games. The Buttery restaurant is open from 10pm-1am, Sunday-Thursday.

The Silliman Textbook Library

Silliman is committed to doing everything we can to support Sillimanders from first generation low-income (FGLI) backgrounds. In addition to our FGLI STUDENT COORDINATOR— a paid position dedicated to thinking about FGLI student needs, Silliman also launched a new resource at Yale to help FGLI students access textbooks and other educational resources that are often prohibitively expensive: THE SILLIMAN TEXTBOOK LIBRARY (SMTL). The SMTL is an initiative developed by a former Sillimander Kushal Dev '20 to combat educational inequity on Yale's campus. The SMTL collected over 800 textbook donations from Yale students which are now available for use by FGLI students. The SMTL is located in the side room of the Sillibrary, but you can check out what books are available online.

Other Silliman Spaces

The COMMON ROOM on the second floor of Byers Hall is a wonderful space for students to study, read, play the piano, and gather. Fall sports include tennis, golf, football, cross-country, and ping pong. Winter sports include volleyball, soccer, basketball, broomball, inner-tube water polo, and squash. Silliman is a THREE TIME Tyng Cup Champion! Let's do this Tyng, Class of 2025! Be sure to pick up your IM uniforms this fall!

SAAC

The SILLIMAN ADMINISTRATIVE & ACTIVITIES COUNCIL (SAAC) is the main event planning group in the college. All enrolled Sillimanders are invited to become members of SAAC and are entitled to attend meetings and vote. SAAC acts as a forum for the discussion of matters important to the Silliman community, allocates the Student Activities Fund. Come to the meetings to help plan these activities, or to suggest ones of your own. Council officers are elected each semester, and first-year students are especially encouraged to run for office. SAAC is a great way to get to know other Sillimanders, to discuss improvements to the college, and to eat free food. Meetings are Mondays at 10:00 PM in the SAAC room (Basement under the HoC House).

SAAC organizes most of the social events that take place in Silliman College throughout the year.

SAAC has sponsored events such as annual Silliman dance, the Silliman Haunted House, a ski trip, a karaoke night, fellows dinners, a trip to a baseball game, and our year-end carnival known as Sillifest.

Silliman Holidays

Halloween is HoC Santos's favorite holiday, which means that Sillman does go a little bit overboard in the last week of October. Think free costume giveaways, pumpkin carving, Halloween cocktail parties (for 21+ students), costume parties, outdoor horror movies, our annual Silliman Howl-o-Weenie roast, and the famous Silliman Haunted House.

There's also a lot of cold weather fun and holiday cheer in Silliman. We host a large snowball fight against our rival Timothy Dwight College on the first snow day of the year. Silliman also hosts an annual HOLIDAY DINNER, which features a music performance by the SILLIRINGERS. James Osborn, a former Silliman Fellow, gave the College a set of Schulmerich handbells which offer a chromatic range of three full octaves. This performance by the Silliringers — who in the words of a former HoC “practice for minutes and minutes”— is an important Silliman tradition.
